

# Minor Pentatonic Scale In Harmonised 5th's

davejonesguitar.co.uk

Above is the A minor pentatonic scale in harmonised 5th's. Harmonised scales are a great way of creating riffs. The root note is shown in black, the blue arrow shows which two notes to play at the same time. Play through the standard A minor pentatonic scale using your 1st finger only, then use your 3rd finger to add the harmony note.

(Just like playing power chords).

This scale is required in the RGT electric guitar grade 5 exam, in ALL keys.
